Friends of the Library report
Emily reported some of the Friends had gone to Lebanon, NH to look at a 2006 van for possible purchase as a bookmobile replacement for “Millie”. Per maintenance records, the van had past possible electrical issues. Rewiring was done in September, 2010; this sent out a big red flag to the Friends. Shelly will address the issue with the seller. There are 117,000 miles on the van, asking price $14,500 firm. Emily reported the van was in good shape, rode well, and has new tires. It appears there are 57,000 new miles on the van since the electrical system was replaced. Another flag. The 2003 van also for sale was not really looked at as its asking price was $2000 less. Emily did not know the mileage on the 2003 van. The question was brought up how often does the dealer take in new vans?

Emily proposed if we don’t buy the 2006 van, could we share bookmobiling with another town? Franklin County/Grand Isle? Colchester? Would the Rotary Club possibly make a donation toward the purchase of a van?

The Friends visited Dave Derner on Nov. 5th to see the progress on the Giving Tree. It was agreed that the tree trunk should taper. Shelly picked up the wooden leaves from Chrissy and they will be repainted. The tree hanging will tilt away slightly from the wall in the library. Delivery date unknown.
